TEACHING & RESEARCH INTERESTS

Environmental Justice; Geographic Information Systems (GIS); Population Geography; Migration; Spatial Analysis; Medical Geography; Community-Based Learning

EDUCATION

- 2006 University of Colorado, Boulder; Department of Geography. **Ph.D. in Geography**, May 2006.
- 2000 University of Texas at Dallas; School of Social Sciences. **Master of Science in Applied Economics**, August 2000.
- 1999 University of Texas at Dallas; School of Social Sciences. **Bachelor of Science in Economics & Finance**, May 1999.

PROFESSIONAL EMPLOYMENT

- 2012-2020 Director, Spatial Data Center, Drew University
- 2014-2020 Assistant Professor, Department of Biology: Environmental Studies and Sustainability Program and Public Health Program
- 2016-2017 Director, Environmental Studies & Sustainability Program, Drew University
- 2006-2011 Assistant Professor, Department of Geography, Florida State University
- 2001-2006 Teaching Assistant (Lecturer and Lab Instructor), Department of Geography, University of Colorado
- 1999-2000 Teaching Assistant, School of Social Sciences, University of Texas at Dallas

COURSES TAUGHT

- Advanced GIS (Fall 2014, Spring 2018), Advanced Topics in Environmental Science, undergraduate community-based learning course
- Geographic Information Systems and Processes (Spring 2007-Spring 2020), Previously taught cross-listed with graduate students (classroom and online), currently undergraduate course
- Medical Geography (Fall 2006-2010, Spring 2015-2020), Previously taught cross-listed undergraduate/graduate course (MPH elective), currently community-based learning, undergraduate course
- Environment, Society and Sustainability (Fall 2015-2019), undergraduate course
- Environmental Economics (Spring 2020), undergraduate course

DREW UNIVERSITY

Environmental Studies, Science & Sustainability

Beyond Earth Art: Contemporary Artists and the Environment in Crisis (Spring 2015), Co-taught with Artist-in-Residence, Valerie Hegarty, undergraduate interdisciplinary course

Globalization (Fall 2012, Spring 2011, Summer 2005-2006), Cross-listed graduate and undergraduate course

Environmental Justice and GIS (Spring 2010), Graduate course

Social Applications of Geographic Information Systems (Spring 2006-2010), Graduate course

Human Geography (Fall 2007), Undergraduate Course

Lab Instructor/Recitation Instructor for Quantitative Geography (2005-2006), Political Geography (2001-2006), and Urbanization, Migration and Development (2001-2002), United Nations (2000), and Statistics for Economists (1999)

Environmental Studies, Science & Sustainability

2014 “Beyond Borders: Gridded Demographic Data Sets and Web Mapping Applications for Population, Development, and Environmental Research.” Population Association of America, Annual Meeting. Boston, MA.

2014 “Demographic Data Sources and Web Mapping Applications for New Jersey.” 27th Annual NJDEP Mapping Contest, Trenton, NJ [2nd Place, Best Instructional Presentation].

2011 “Assessing the Impact of Climate Change on Migration and Conflict.” Presented to the Committee on Climate, Energy, and National Security, Board on Atmospheric Sciences and Climate, National Academy of Sciences. Washington, DC.

2010 “Citizen Mapping and Environmental Justice: Internet Applications for Research and Advocacy.” Meeting of the American Public Health Association, Denver, CO.

2010 “Integrating GIS into Medical Geography and Public Health Curricula.” Meeting of the Association of American Geographers, Washington, DC.

OUTREACH

2019-2020 Sustainable Madison Action Committee, appointed by mayor, advisory committee to Borough of Madison

2016-2020 Humanitarian Data Exchange, contributions by means of the Drew University Organization page:
<https://data.humdata.org/organization/drew-university>

2015-2018 Collaboration with Coalition against the Pilgrim Pipeline, Chatham Environmental Commission, on mapping social and environmental impacts of pipeline construction. See, for example, <http://tinyurl.com/capp-gis>

2014-2015 Lake Hopatcong Foundation, and New Jersey Department of Environmental Protection, State Parks, Partnership with Drew University on Boat Dock Inventory for Lake Hopatcong.

2013-2015 EPA, Toxic Release Inventory (TRI) University Challenge, Partnership with Drew University.

In 2019, I participated in the Drew Digital Humanities Summer Institute (DHSI), and in the New Jersey Governor’s School in the Sciences.

I collaborate and volunteer with a number of local organizations that I have much affection and appreciation for including: the Morris County Interfaith Food Pantry, the Madison Environmental Commission, and Wind of the Spirit Immigrant Resource Center. I have served as a demography consultant and also volunteer collaborator with the USAID Famine Early Warning Systems Network, and their contractors, Chemonics and Kimetrica, from 2006 to the present.

I am a member of the American Public Health Association (Environmental Health and Alcohol, Tobacco and Other Drugs Sections), the Association of American Geographers, and the Middle States Association of American Geographers. I am intermittently a participant in the Association for Environmental Studies & Sciences and Population Association of America.
